Theory and Practice of Electrolysis: 120 hours², 320, 600 hours

- 17 years of age or older
- High School Diploma or above
- GED
- In the event of a foreign diploma, there must be translation by an outside agency qualified to translate the document into English, as well as a confirmation that it is the academic equivalence of a US High School Diploma.

Laser Hair Removal: 40 hours

- Certified Electrologist
- Licensed Cosmetologist
- Licensed Esthetician
- Nurse: RN, LPN, NP
- MD, OD

(The 120 hour Theory and Practice of Electrolysis course and the 40-hour Laser Hair Removal course are not approved by NACCAS)

Credit for Previous Education:

The school does not grant credit for any previous education, training, or work experience. If the student would like to transfer to another location, a transcript will only be provided if the student has paid his/her contract to date.

Re-Entry:

A student who withdrew from the school and would like to re-enter at a later date will be considered for enrollment. He or she would be subject to all current fees and tuition rates and will return in the same satisfactory academic progress status at which he or she departed.

Non-Discrimination:

The school does not discriminate on the basis of sex, race, age, color, religion, or ethnic origin.

² Theory and Practice of Electrolysis (120) hours and Laser Hair Removal (40 hours) are not approved by NACCAS and therefore not eligible for Title IV funds.
